Verse 1

Oh Lord you know, I've been going to the river
'cause I've been wearing sorrows like stains
Jesus please, I can't do this in my own strength
I need you to wash me again

Chorus

And in this sweet, sweet surrender
I am finding a freedom so free
Oh Lord you know, I am going to the river
So Lord come and baptize me

Verse 2

Oh Lord You know, I've been stumbling in the darkness
The darkness got its grips over me
But Lord you're down there, waiting by the river
And blind men are starting to see

Chorus

Instrumental (Verse Chords)

Verse 3

Lord we long for the day when the river
The river's running right through the street
Of your city, the city of Zion
And of that river we'll drink
Jesus of that river we'll drink
Jesus of that river we'll drink
